

HEWITT TIRES

Always making friends

and among these friends

in particular are the users of pneumatic tires in quantities.

The Crown Stage Lines, like others whose tire demands are large and exacting, have experimented with many makes of tires—fourteen makes in all, and the records have shown that the Hewitt gave the greater mileage and the least trouble.

This test is valuable to you, even though your tire demand be small.

What is economy to them is economy to you.

What you are looking for is "the greatest mileage and the least trouble" and that's what you get in the Hewitt.

Gentlemen:— We take pleasure in answering your inquiry relative to the service received from Hewitt Tires in use on our buses.

Our business necessitates the use of the very best tire available and in order to secure it, we have tried out several makes of tires—fourteen in the last year. The Hewitt tire has been subjected to the same severe test as the other makes and our records show that it has given us the least trouble and the greatest mileage of any tires we have ever used. All other makes have now been practically eliminated and our buses are now equipped almost entirely with Hewitt Tires.

Yours truly,
D. B. Wood

ROYAL NEIGHBOR NOTES

The Royal Neighbors of Camp 8908 met at the Catholic hall for their regular business meeting on Thursday evening, June 7, 1923. Grace Phoebe Tolson being absent the chair was filled by Vice-Oracle Augusta Von Hagen, who conducted a short business meeting which was adjourned at an early hour.

A good practice meeting for the R. N. A. officers was held at the Catholic hall, Monday evening, June 18. All the officers were present, and were untiring in their ritualistic work.

TWINS INVITE COMPARISON

Mr. and Mrs. C. A. Paxman are being showered with twins. Since the arrival of their twin sons guests at their home have included Mr. and Mrs. J. H. Marxmiller and twin sons of Long Beach, and Professor and Mrs. Mustol and twin daughters of Santa Ana. Professor Mustol is musical director of the Orange county schools.

CHRISTIAN ENDEAVOR RALLY

The Christian Endeavor of the Central Evangelical church will hold a rally Sunday evening, June 25, in preparation for the state convention to be held at Long Beach June 27. The C. E.'s will practice convention songs and yells at this rally. A full attendance is desired.

ATTENTION, NEW ENGLANDERS

Under the auspices of the New England society, Dr. Paul K. Sellev announces a patriotic reunion of all former New Englanders in Sycamore Grove Park, Los Angeles, all day, Saturday, June 30. Headquarters will be open for each county in the six states. Bring your cup and basket dinner. Hot coffee will be supplied for all.

Maybe the reason they set Rome on fire is because Nero was learning to play jazz on his fiddle.

PALM BEACH SUITS

Boys who wear them are well dressed in a way that does you credit — not "noisily" attired and over-conspicuous. This is the genuine Palm Beach Suit for boys—the satisfying quality that is put into the same suits styled for men.

Oh Skinney, Let's Go Trout Fishing

"Too many trout in the lakes of the High Sierras," is the assertion of the superintendent of the Fish Hatcheries at the Mt. Whitney station.

"We want fishermen to come up and take these beauties away."

Streams in Southern California will be stocked this year with 3,135,000 trout from the Mt. Whitney hatcheries alone, according to the report received by a personal representative of the Los Angeles Chamber of Commerce, who has just returned from the station.

Varieties will be distributed in the following ratios:

- Steelhead trout, 1,920,000.
- Rainbow trout, 730,000.
- Loch Leven trout, 305,000.
- Eastern brook trout, 180,000.

Urging fishermen to come up to the high lakes region, extending between Lone Pine and above Mammoth, the officials in charge of fish distribution for this section report finest catches of gamey fish. The larger number planted this year exceeds by a million the trout planted last season.

Information Bureau For Vacationists

For the convenience of vacationists, the Rim of the World section of the San Bernardino chamber of commerce has opened the Log Cabin information bureau on the main floor of the Pacific Electric Main Street station, Los Angeles, for the season of 1923, the bureau being in charge of S. A. Skinner, of Redlands, who was also in charge last year, and will be assisted during the present season by Mrs. D. R. Brothers, who is likewise familiar with all the mountain resorts contiguous to Los Angeles.

Through traffic arrangements have been made between Pacific Electric Railway from points on its system through to all points on the Rim of the World served by the Motor Transit Company from San Bernardino and Redlands, and agents of the Pacific Electric will sell tickets through and make reservations for either regular or de luxe stage service as may be desired by patrons.
